No previous experience in shamanism is needed for this life-changing seminar

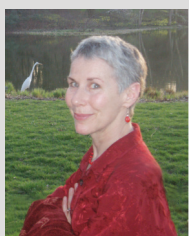

The mythical Andes Condor leaps from the heights of the Mountain into the void with trust, vision and courage. In this seminar you will also take a leap and discover the next step to achieving your unique and fulfilling destiny. You will also learn to tap into higher layers of realities and bring back knowledge that can change the experienced present and heal physical and spiritual ailments. Now is the time to call on this ancient shamanic wisdom, awaken your higher

vision and reach out higher dimensions of consciousness where knowledge is stored. You will open your Third Eye to become intuitive, open minded, clairvoyant, wise and inspired. Activate your inner power of knowledge and connect with the mysterious Web of Life. Create a life style of harmony and synchronicity.

Itzhak will also be available for a limited number of personal ceremonial healing sessions.
