

# SOUL HEALING OF OUR MOTHERS

## ITZHAK BEERY IN FLORENCE VILLA CALCINAIA OCTOBER 22 - 24

### A SHAMANIC WORKSHOP FOR FAMILY SOUL HEALING

There are so many things we never dared saying face to face to our mothers that really comes from our hearts. So many truths we withheld from them.

There are also many things our mothers never allowed themselves to tell or share with us.

We hold those feelings as negative energy in our physical bodies and souls. They have great impact on who we became. It shapes our intimate relationships, our trust with others, our confidence and self worth.

In this unique shamanic workshop, we will learn ancient shamanic techniques, either with the help of spirits, with touch, closed eyes processes, and deep listening to help us face one of the most difficult challenges we have: Talking honestly to our mothers, and letting go of our internal mothers voices and energies.

Healing our relationship with our birth mothers will also dramatically change the relationship we hold with Mother Earth. It will enable us to live more authentically, powerfully, and harmonically.
